RE: Website

Dear Mike:

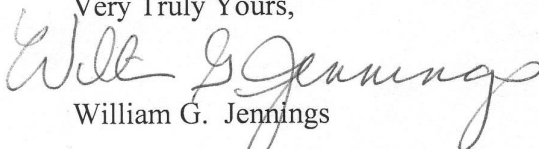

We just wanted to write and thank you again for all of your help in consulting, designing and producing our website. You laid out the basics for us in understandable language and guided us through the maze of the computer world of websites, domain names and dot.coms.

The content of the website was very professional and well done. Also, we were amazed at how quickly you completed everything on such short notice.

You made us feel very comfortable with your expertise and you can be sure if we need another site constructed we will contact you again.

Thanks again for all of you help.

Very Truly Yours,

William G. Jennings
