Dear Michael:

I wanted to extend my thanks to you for the design of the web site for the Sylvania Area Community Improvement Corporation (CIC). The site is perfect for the CIC – I don't know the right technical terms but it is "clean", sharp-looking, and representative of the community and the CIC. You obviously have a knack for good designs.

As important as the design, I appreciate your continued guidance and direction on how we can use the site for effective Internet marketing to help with promotion for our group. Let's talk again about this in the near future. I'm excited about the further development of the site under your management.

Thank you again for your good work and supportive demeanor with us non-technical types.

Sincerely,

Sylvania Area Community Improvement Corporation
