

May 2007

Greetings:

In today's fast-paced business environment, an innovative yet informative website is a key marketing necessity for most businesses. When deciding to upgrade our company website, www.gorillas-gazelles.com, Gorillas & Gazelles LLC relied upon the technical expertise and search engine optimization experience of Temple Development Company LLC. Our project objective was to update the look of our website and enhance our online assessment service capabilities, all while increasing our search engine ratings.

Having an e-commerce website adds some level of complexity to any website design and build project; however, working with Michael Temple was an extremely comfortable process. Straightforward communication and reasonable deadlines made the project especially well-managed.

Our company is pleased with our new website and it has certainly enhanced our firm's marketing and sales efforts. Not to mention, our clients and other associates have taken notice of our new look! Additionally, with Michael's expertise and guidance, our search engine ratings have started to climb since our site went live in March 2007.

Michael Temple and Temple Development Company come with the highest recommendation from me and Gorillas & Gazelles LLC. If I can provide any additional information, please contact me by phone at (419) 874-0000 or by email at ncaswell@gorillas-gazelles.com.

Regards,

Nancy Caswell
Director
Gorillas & Gazelles LLC
