

ELEDGER FORMS STRATEGIC PARTNERSHIP WITH PRIMESTREET

Toledo, OH – (October 10, 2000) – eLedger.com, a leader in web-based accounting for small businesses, today announced a partnership with PrimeStreet™, the leading enabler of online credit solutions for small business. The new partnership offers eLedger customers access to small business online credit.

PrimeStreet delivers financial services through primestreet.com including lines of credit, term loans, business credit cards, leases and accounts receivable financing in a real-time online environment to eLedger's clients.

According to Lee Mellinger, President and CEO of eLedger.com. "eLedger's rapidly expanding customer base now has easy access to competitive business financing that is tightly integrated with their overall accounting practice."

eLedger's Vice President of Development, Randy Minder, said "PrimeStreet's nationwide network of lenders will be available in eLedger's core application by the end of October."

About eLedger

eLedger.com, Inc. is a leader in developing next generation accounting applications for the Internet. eLedger offers users a 100% web-based accounting application with an ever expanding and powerful set of resources and integrations to other Internet based service providers, giving small businesses a tightly integrated complete business solution. The current feature set includes General Ledger, Accounts Receivable, Accounts Payable, and Invoicing, as well as eLedger's own Flashpoints financial analysis tool and Roll-up for consolidated reporting. Founded in January 1999, eLedger is a privately held company with offices in Toledo, OH and Atlanta, Georgia. For more information, visit www.eLedger.com
